VIP Task Manager 4.1 is now available in seven languages

July 2, 2009 VIP Quality Software released VIP Task Manager 4.1 which allows to choose one of seven languages as default for the product interface. Our software now supports English, German, French, Dutch, Norwegian, Croatian and Russian languages. If you would like to use our product in your native language, please, follow the instructions by the link below:

http://www.taskmanagementsoft.com/interface-languages.php

VIP Quality Software is grateful to all the users who took part in proof-reading and translating the product's interface into their native language. We will continue to extend the number of languages VIP Task Manager supports. If you would like to use our software in your native language and help us in translation project, please, let us know.

VIP Task Manager is team collaboration software (client/server software) which allows **multiple users** to access the common database simultaneously through Local Network (LAN) and Low Speed Networks (Internet, VPN) to **manage tasks**, **projects**, **processes**, **schedules**, **employees** and any company activities in small business and enterprise departments, government and non-government institutes, non-profit and educational organizations.
